Size: L 225 X H 65 X T20 mm

Made by the traditional method which involves throwing of the dot of day in a mold box flushed with fine sand, every clot of day that strikes the mold does so in a slightly different way which leads to a different texture for every brick. A mix of various natural oxides is gently slipped on the surface to create a charming aged look

especially resembling architecture at the beginning of the industrial age in Europe This is a beautiful yet amazingly strong Brick, crisp in shape and can be used to create world-class structures for generations to come.
